

LIGOURI COLLECTION  
ENWORK

LIFE HAPPENS  
AROUND THE TABLE

**Ligouri Nugent**  
Grandfather of Enwork owner, David Powell

We knew from the start that this product design was about more than just furniture. This collection pays homage to Ligouri Nugent — a man who found true joy in gathering with loved ones around the kitchen table. Whether it was to eat a meal, play a game, or tell a story, the outcome was the same: family and friends would come together, connect, and leave feeling inspired. Creating a sense of connection was top of mind when designing the Ligouri Collection.

**Approachable Elegance**

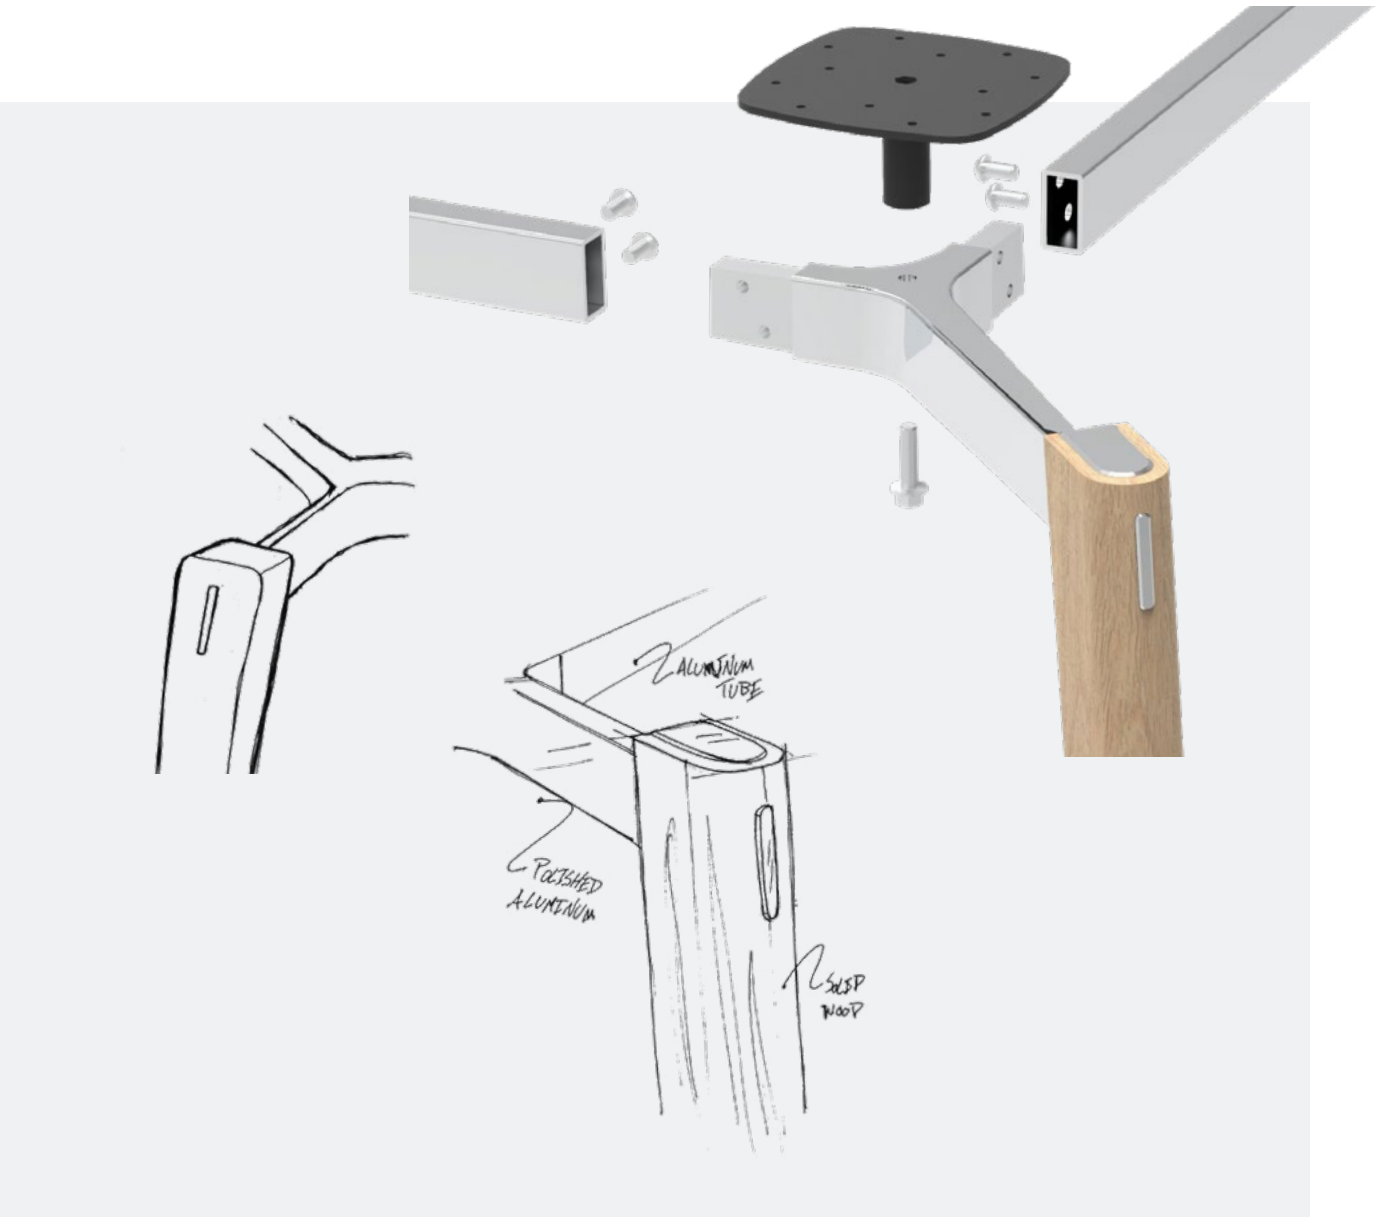

Inspired by modernist design principles, Ligouri boasts clean lines, elegant connection points, and a family name. The Ligouri Collection celebrates natural elements by combining solid wood with precision-tooled aluminum components and detailing. Designed to elevate any environment, Ligouri stands alone as a statement piece or a welcoming touch to inspire human connection and collaboration.

# FROM IDEATION TO REALIZATION

## Thoughtful Design

We believe honest materials make the best pieces — that’s why natural elements can be found throughout the entire Ligouri Collection. From solid wood legs to aluminum connections, these materials are reliable, recyclable, and renewable — not to mention incredibly stylish.

## A Simple Silhouette

Oftentimes, simple silhouettes make the best design — and Ligouri is no exception. The levitating top highlights a sleek yet sturdy base. Thoughtful details elevate this design to a showstopper with understated elegance in any space.
